In their usual—often premeditated—hurry to get to the next interview, they neglect valuable notes. More commonly, agents send messages to the organization for which they work, by radio, Internet, or by leaving the messages in a hard-to-find place. Hence, we must define what we mean by an effective interview. An interrogator must have self-control, patience, and tact when dealing with. Finally, the researcher could use members of the general public with an interest in the test e. Encyclopedia of Public Relations. Again, however, a warning against excess is needed: too much reliance on a programmed questioning approach is often disconcerting to the interviewee and may lead to stereotyped answers.
