We returned to the compound to compare notes and determine what else we needed to get done before leaving the community. The volunteers and the team all hung out and drank Gambian tea, which had grown on me, and played games. More information about text formats.

Westayedupmostofthenighttalkingandsayinggoodbyetothecommunitymemb

There are many positions in the defense industry for aerospace engineers, as most countries around the world have branches of the Department of Defense. Isatou would translate for us as we sat under trees and asked a series of questions about family make up, income, health concerns, and improvements they would like to see in their community. This is a common practice because of the heat and the limited access to cars.
